CERAMICHE

01.

Il segno essenziale.
Materia ceramica che
abita lo spazio.

The essential signature.
Ceramic matter
that lives in space.

Introduction.

Un effetto pietra appositamente ingegnerizzato: è quello che Lea Ceramiche propone con Nextone. Pietre provenienti da quattro diverse cave, combinate in modo inedito, ne creano una nuova, non esistente in natura, dall'estetica naturale ed equilibrata.

I quattro colori della collezione esprimono tonalità neutre, che spaziano dal candido White al luminoso Gray, dall'accogliente Taupe all'elegante Dark, un antracite con una punta di marrone.

Nextone è una collezione articolata in tre tecnologie produttive e in altrettanti spessori: un sistema decorativo pieno di risorse, con una gamma di formati, colori e decori in grado di misurarsi con ogni tipologia di progetto architettonico.

With Nextone, Lea Ceramiche offers a specially engineered stone effect. Various types of stone from four different quarries, combined in an original way, create a new stone that does not exist in nature and that boasts a natural and balanced aesthetic.

The collection's four colours express neutral tones, ranging from pure White to bright Gray and from welcoming Taupe to elegant Dark, a charcoal grey with a hint of brown.

Nextone is a collection divided into three manufacturing technologies and as many thicknesses: a resourceful decorative system with a range of formats, colours and decorations that can compete with any type of architectural design.

Line, Dot e Mark sono le tre varianti sui fondi in finitura naturale declinate sui quattro colori della serie, che riproducono graficamente lavorazioni tipiche della pietra e texture del mondo tessile. Si integrano con le tonalità del fondo dando l'illusione di un rilievo, in realtà perfettamente pulibile. Ricreano leggeri effetti materici combinabili alle finiture naturali e lappata dei moduli di base.

Line, Dot and Mark are the three background variations with a natural finish available in the series' four colour tones, which graphically reproduce traditional stone processing and the look and feel of textiles. These are integrated with the colour tones of the background giving the illusion of texture while actually being perfectly easy to clean. They recreate subtle tactile effects which can be combined with the natural and honed finishes of the basic modules.

In questo decoro eclettico e discontinuo tracce di pattern geometrici affiorano dalla pietra, evocando graffiti rupestri che sembrano provenire dal futuro. Disponibile in grandi lastre Slimtech e in tre colori, Graf contamina in modo creativo lo spirito minerale della collezione con codici prettamente umani.

In this eclectic and discontinuous decoration, traces of geometric patterns emerge from the stone, evoking rock carvings that seem to come from the future. Available in large Slimtech slabs and in three colours, Graf creatively contaminates the collection's mineral spirit with purely human codes.

Next Taupe.

Nextone propone una pietra ceramica unica e originale, per scenari che le estese superfici rese possibili dalle lastre di Slimtech imprimono nella memoria. È quello che accade in questo concept store, dall'audace contrasto tra la forza quasi ancestrale dell'effetto pietra e il ricercato design di arredi e complementi.

Nextone offers a unique and original ceramic stone for settings which the extensive surfaces, made possible by Slimtech slabs, imprint on your memory. This is what happens in this concept store, which features a bold contrast between the almost ancestral strength of the stone effect and the sophisticated design of the furnishings and accessories.

Outdoor.

Nextone conquista le pavimentazioni degli spazi esterni grazie alle eccezionali performance della gamma L2 in 20 mm di spessore. Resistenza e durevolezza in un affascinante effetto pietra: un must in ogni contesto outdoor.

Disponibile in due formati Nextone L2 può essere posata a secco su erba, ghiaia e sistemi sopraelevati; oppure incollata su massetto nelle aree carrabili. Una soluzione completa per dare agli spazi esterni un originale effetto pietra: intensamente naturale, resistente, antiscivolo e inalterabile nel tempo.

Nextone conquers the flooring of outdoor spaces thanks to the 20mm thick L2 range which guarantees great technical characteristics. Resistance and durability with a fascinating stone effect, a must for outdoor settings.

Available in two formats, Nextone L2 can be laid dry on grass, gravel and raised systems; or glued on screed in driveway areas. A complete solution to give outdoor spaces an original stone effect: intensely natural, resistant, non-slip and durable.

*MARCHIO CE Le DOP sono disponibili sul sito internet/DOP are available on the website www.ceramichelea.it

**LEED Lea Ceramiche, è membro di GBC Italia, organizzazione che promuove sul territorio italiano la realizzazione di edifici nel rispetto dell'ambiente, della salute e del benessere delle persone che ci vivono e lavorano./Lea Ceramiche is a member of the U.S. Green Building Council: this is an organization that promotes buildings that are environmentally responsible, profitable and healthy places to live and work.

***EPD I prodotti Lea Ceramiche possiedono Dichiarazione Ambientale di Prodotto (EPD) specifica di tipo III, certificata da ente terzo indipendente secondo le normative ISO EN 14025 e EN 15804. Disponibile su richiesta.

Lea Ceramiche products have a type III specific Environmental Product Declaration (EPD). This is certified by an independent third party according to ISO EN 14025 and EN 15804 standards. Available on request.

Destinazioni d'uso Slimtech / Slimtech intended uses

Posa a pavimento Floor installation

Situazioni applicative sia per interventi di nuova costruzione che di ristrutturazioni con posa in sovrapposizione a pavimenti preesistenti.

For new buildings and refurbishing, for installation on pre-existing floors.

Residenziale (cucine, bagni, living, aree comuni condominiali, ed ogni altro ambiente di uso residenziale)

A condizione che le superfici siano coperte (es. logge, balconi coperti, ecc.) e perfettamente impermeabilizzate. Si consiglia l'utilizzo di formati con lati non superiori a 120cm.

Commerciale leggero (uffici, uffici aperti al pubblico, sale d'attesa, negozi, bagni, sale di ristoranti, autosalone, bar, cinema, ambulatori, cliniche)

Commerciale intensivo (aree comuni di centri commerciali, hall di alberghi, mense, fast food, discoteche, ospedali.)

Ad esclusione di zone sottoposte al passaggio di carichi pesanti concentrati (ad es. carrelli a ruote dure) Intensive commercial. (common areas of shopping centres, hotel halls, canteens, fastfood restaurants, dance clubs, hospitals.) With the exception of areas subject to heavy concentrated loads (e.g. trolleys with hard wheels)

IN INTERNO

Residential (kitchens, bathrooms, living rooms, common apartment block areas and any other residential environment)

Light Commercial (offices, offices open to the general public, waiting rooms, shops, bathrooms, restaurant dining rooms, bars, car showrooms, cinemas, surgeries/clinics)

Intensive commercial. (common areas of shopping centres, hotel halls, canteens, fastfood restaurants, dance clubs, hospitals.)

With the exception of areas subject to heavy concentrated loads (e.g. trolleys with hard wheels)

IN ESTERNO

Upon condition that surfaces are sheltered (e.g. loggias, covered balconies, etc.) and made totally impervious. We recommend the use of sizes that have sides not exceeding 120cm.

Situazioni applicative sia per interventi di nuova costruzione che di ristrutturazioni con posa in sovrapposizione a pavimenti preesistenti.

For new buildings and refurbishing, for installation on pre-existing floors.

Residential (kitchens, bathrooms, living rooms, common apartment block areas and any other residential environment)

Light Commercial (offices, offices open to the general public, waiting rooms, shops, bathrooms, restaurant dining rooms, bars, car showrooms, cinemas, surgeries/clinics)

Intensive commercial. (common areas of shopping centres, hotel halls, canteens, fastfood restaurants, dance clubs, hospitals.)

With the exception of areas subject to heavy concentrated loads (e.g. trolleys with hard wheels)

INTERIORS

Upon condition that surfaces are sheltered (e.g. loggias, covered balconies, etc.) and made totally impervious. We recommend the use of sizes that have sides not exceeding 120cm.

Situazioni applicative sia per interventi di nuova costruzione che di ristrutturazioni con posa in sovrapposizione a pavimenti preesistenti.

For new buildings and refurbishing, for installation on pre-existing floors.

Residential (kitchens, bathrooms, living rooms, common apartment block areas and any other residential environment)
